HOME GUARD FORMING A COUNTRY CLUB

Energetic Steps Being Taken to Provide a Pleasant Place in the Suburbs for Summer Days Pleasure.

The preliminary plans for the formation of a country club of which mention was first made in this department last week, have been about completed.

An option has been secured on a commodious brick house on West Dodge street in Dundee place, which is surrounded with a fine plot of ground.

The spirit of the times has invaded society circles, and various combinations of the national colors are noticeable among the gowns, headgear and attendant trappings of our "plain American" girls.

Mrs. Thomas Kilpatrick has returned from Chicago on Thursday. Miss Jessie Dickinson accompanied her father to Chicago on Thursday.

Mrs. J. H. Evans gave a very pretty luncheon on Friday. Mrs. Charles Gilford Crittenden entertained at dinner Wednesday evening.

Mrs. C. K. Coutant gave a luncheon for Mrs. Flower of Chicago on Friday. The A. B. club was entertained at luncheon on Thursday by Mrs. Edgar M. Moran.

Mrs. Elizabeth Wakeley entertained on Monday evening and Tuesday afternoon for her guest, Mrs. Flower. Mrs. Charles T. Kountze entertained a number of young folks at dinner to celebrate the birthday anniversary of her brother, Mr. Samuel Burns.

A "Tom Thumb Wedding" was the novel feature at a party given by the members of U. S. Grant post, Woman's Relief corps, at the club hall on Tuesday evening.

The Misses Berry gave a very delightful party at their home on Charles street on Thursday evening. A dozen young folks, including some visitors from out of town, enjoyed the evening's amenities.

In honor of Rev. and Mrs. Vawter, who left Wednesday last week for their new home in Liberty, Mo., Mrs. Beyson gave a reception Tuesday evening, a feature of which was the presentation to Mr. and Mrs. Vawter of some silver by the Earnest Workers society, of which Mrs. W. J. Mount is president.

The first of a series of three dances to be enjoyed by the young men and maidens held at the Millard hotel on Friday last, was the initial party of an auspicious success in every respect.

Miss Maud Holmes of Mount Pleasant, La. Music and dancing contests made the evening a pleasant one. There were present: Misses Holmes, Ada Griffin of Louisville, Neb.; Katherine Johnson of Council Bluffs; Ivy Price, Nellie Wangberg and Lena Maudum of this city.

One of the most enjoyable entertainments given here by local talent on Friday last, was a day evening at Creighton hall for the benefit of the Church of the Good Shepherd. It was entitled "An Old Maid's Convention" and was given under the direction of Mrs. W. D. Doward, assisted by the Lowe orchestra and by a large number of prominent women, who

NOT FOR FRIENDS.

Are We to Eat What We Don't Want?

A famous physician, in a late article on the subject of health, speaking particularly of the value of good digestion, says: "Don't eat anything you don't want, even to please your friends."

"Don't be afraid of microbes; they will not hurt you."

"A healthy condition of the stomach makes a healthy skin and a good complexion."

"Learn and practice good habits; they are easy and most pleasant."

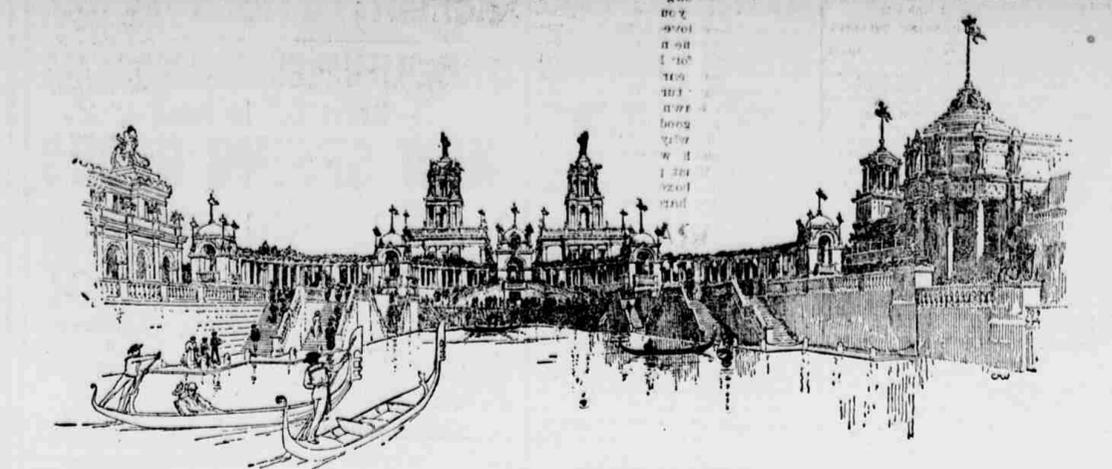

"A diet with an eye to acquiring flesh should consist of liquids—milk, water, but not coffee or tea; no hot breads, plenty of butter and cheese."

"Above all, eat slowly and never exercise until half an hour after meals."

Another says: "I have known weak eyes cured by leaving off coffee and hundreds of other cases of nervous troubles like kidney complaints, dyspepsia, liver and heart trouble, and bowel complications directly relieved by the abandonment of coffee and the use of Postum Food Coffee."

The alkaloids of coffee are a serious poison to many people and when one finds disease coming on, it is high time to stop the cause and take some natural food like Postum Food Coffee, which rebuilds the broken down nerve centers all over the human body. Ten days trial will prove the facts and furnish great relief to the sufferer. 15 and 25 cent packages at grocers.

Transmississippi and International Exposition, Omaha, June to November 1898.

EAST COLONADES AND PAVILIONS.

In the Grand Court at the Transmississippi Exposition, looking east from the island which occupies the center of the lagoon, one is impressed by the artistic architectural effects before him.

had ransacked the treasures of attic and storehouse for costumes appropriate to the occasion. The means of entertainment and amusement were many and varied and a large crowd enjoyed the evening and contributed liberally to the cause.

On Wednesday evening Mr. and Mrs. J. J. Cobry, 314 North Seventeenth street, gave their friends a pleasant entertainment with music, declamation and oratory, and other features of the evening.

Mrs. J. H. Cornish will entertain the Forest Hill Whist club on Thursday, April 23.

The Jolly Eight Dancing club will give its regular monthly dance on Saturday evening at Patterson hall.

MONTANA MINERAL EXHIBIT

One Feature of the Mines Building at Exposition.

VICE PRESIDENT SUTHERLIN DESCRIBES IT

Says Thirty Tons of Choice Specimens Have Been Examined and Will Be Brought Here for Display.

W. H. Sutherland, vice president for Montana, in the city and intends to remain here until after the close of the exposition. He will assume personal charge of the Montana exhibit which have arrived or are en route and will superintend the installation in the exhibition buildings.

Mr. Sutherland says the mineral exhibit of Montana will consist of thirty tons of all the various kinds of minerals found in the state. Reports from Montana are to the effect that the collection includes some unusually fine specimens, but Mr. Sutherland is very modest in claiming superiority for the exhibit collected under his direction and merely says that "Twenty tons of these minerals are now in the city and the remaining ten tons are on the way."

A large supply of agricultural exhibits is also in the city. These materials are in the cars in the railway yards and have not yet been switched to the exposition grounds. As soon as the buildings are marked out these cars will be switched to the grounds and unloaded and the work of installation will commence at once.

Mr. Sutherland says his state will have a good exhibit in horticulture, forestry and agriculture. These have not yet been shipped, but arrangements have been completed for all of these and the materials will be shipped within a short time.

MUSIC FOR THE EXPOSITION.

Omaha Chorus Prepares Plans for Its Appearance.

The arrangements for the participation by the Omaha chorus in the musical program of the exposition have been partially completed.

The chorus will make its bow before the public on the evening of June 2, when it will sing an opening ode written for the occasion by the staff of a Chicago newspaper, with music by an American composer.

The chorus will sing the "Daughter of Jairus," by Stainer; June 14 it will sing "Fair Ellen," by Bruch; June 20 the "Easter Hymn" from Cavalleria Rusticana will be rendered and June 27 "The Rite of Spring" will be given.

With the exception of the opening ode the selections referred to are all in rehearsal. In addition to these the chorus will also be drilled on a number of other selections and will be in condition to respond to any reasonable demands.

At the last rehearsal the chorus took up, "Fair Ellen," and two choruses were given over with a degree of success that was pronounced very satisfactory by Conductor Kelly.

Mr. Kimball has appointed Jonathan Mellen secretary of the Omaha chorus and will attend to the business details of the work, leaving Mr. Kelly free to attend to the musical features of the exposition.

Musical Director Kimball states that arrangements are about completed with the Minneapolis choir to visit the exposition and sing Director Willard Patten's composition, "Israhah." A few minor details remain to be arranged in connection with transportation and Mr. Kimball says these will be disposed of with little difficulty.

The chorus will sing to the Auditorium the afternoon of June 20.

Mr. Kimball says he is in correspondence with musical organizations at Dubuque, Salt Lake City, Milwaukee and other points. It is proposed to bring to Omaha the famous Tabernacle choir of Salt Lake City and arrangements looking to that end are in progress.

The Milwaukee Lyric Male club is also negotiating for a trip to Omaha and indications are flattering that a number of excellent organizations will occupy the Auditorium stage during the summer.

MINNESOTA'S STATE BUILDING.

Chairman Nip and Architect MacLeod Come to Construct It.

J. Newton Nip, chairman of the building committee of the Minnesota Exposition commission, and James Allan MacLeod, architect of the Minnesota building, are in the city with the plans of the building and will take bids from the local contractors for its construction. They will be in the city several days and will endeavor to make a contract for the erection of the building before leaving.

The Minnesota building will be one of the most attractive on the bluff tract. Its architecture will be on the order of a Swiss chalet, the exterior being constructed of rough logs. The building will be two stories in height and will be surrounded by wide porches and balconies. The interior will be finished in native woods, showing the varieties which flourish in Minnesota. The main hall will be finished in the fashion of a modern club, but being used for the exhibition, the room assigned to the men will be finished in the style typical of a lumber camp, split pine being used for the floors and the walls being roughed.

The building will be 35x80 feet, exclusive of the porches. The logs and other material required in the construction of the building have been donated by the lumbermen of Minnesota and the material is ready to ship.

Travelers' Protective Association Organized.

Upon receipt of a petition signed by fifteen Omaha jobbers and traveling men the Travelers' Protective Association of America has granted a charter to an Omaha post of that association, to be called Post A of the Nebraska division. A meeting of the members who are interested in this new post was held last night at the Traveling Men's Transmississippi club and an organization was perfected. Clarence W. Closs was elected president, J. L. Houston, vice president; R. F. August, secretary and treasurer, and the following board of directors was chosen: E. B. Branch, M. W. Rayley, W. H. Butts, M. Meyer, M. Wulpi and O. C. Holmes. Until the next meeting is provided for by the Traveling Men's Transmississippi club house, the meeting of the national association of the Travelers' Protective Association is to be held in Omaha on May 31, June 1, 2 and 3. The matter of entertaining the visitors who will be here at that time is being considered by the members of the association and they hope to make the visiting members' stay in the city very pleasant. On the afternoon of May 31 a welcome will be given the visitors in the morning at Boyd's theater. In the afternoon the men of the party will hold a business meeting at the Creighton hotel and the women will be taken for arolley party by the wives of the local members. In the evening the men will be entertained at the den of the Knights of Holyday, and the women will be entertained at the home of the hostesses. Arrangements have been definitely made for the entertainment on Wednesday, June 1, but on Thursday morning the Traveling Men's Transmississippi club will entertain the guests at a reception and dancing party.

INDIANA GETTING INTO LINE.

Department of Publicity Hears from the Governor's Commission.

The Department of Publicity and Promotion is in receipt of a communication from the office of Governor Mount of Indiana regarding the first meeting of the recently appointed Indiana Exposition commission. This meeting was held Tuesday in the governor's office in Indianapolis and was presided over by former Governor Matthews and the following address was prepared and read by the members of the commission: "To the officials of the Transmississippi and International Exposition, Greeting: The commissioners of the state of Indiana, appointed by the governor, on behalf of the state, to the Transmississippi and International Exposition at Omaha, Neb., meeting today for the purpose of organization, send greetings to the members of the Transmississippi and International Exposition, congratulating them upon the magnitude of the enterprise and expressing the good will of the citizens of Indiana and their gratification at its assured success."

"It is a matter of sincere regret to the Indiana commission that, owing to the want of time and the fact that the Indiana legislature will not be in session until next winter, it is prevented from securing an appropriation for suitable representation of the state."

"We, however, extend the assurance that every effort will be put forth by the commission to encourage and provide exhibits by the citizens of Indiana."

This is signed by Claude Matthews, chairman; Charles E. Wilson, secretary; Frank B. Van Behren, W. S. Stevens, D. M. Parry, Horace R. Kinsey, the Tribune, Mrs. Virginia C. Meredith, William Fortune, W. H. Sanders, Eli Marvin, Mortimer Levering, Fred Hest.

Exposition a Great Drawing Card.

George P. Glaser of Denver was in the city yesterday looking over the exposition, and he was greatly pleased with the big show. In Mr. Glaser's opinion the amusement features on the bluff and north tracts will be a great drawing card. He says that Nashville was deficient on such features, and they hold great attraction for many people, particularly for younger people. Speaking of the influence the war will have on the exposition attendance, Mr. Glaser said that he did not think the attendance would be decreased on that score. "The war will be felt slightly in Omaha and then the sea shore resorts will be deserted and many pleasure seekers will come to the interior."

"The war will be felt slightly in Omaha and then the sea shore resorts will be deserted and many pleasure seekers will come to the interior."

who might not be tempted to come were things more peaceful along the coast. It has been the experience of Florida resorts last winter that few people have cared to stay along the coast, and in case of naval warfare all the Atlantic coast will be so unsafe as the Florida coast," allied Mr. Glaser.

TEST MADE AT THE POWER PLANT.

Machinery Found to Be in Good Working Order.

A portion of the machinery in the Power building was started up yesterday for the purpose of trying the mechanism, and also to secure a current of electricity with which to test the arc lamps which will be used on the exhibition grounds. A Westinghouse engine of 300 horse power and a 125-horse dynamo were the machines used, being connected by a belt. One of the small boilers of the plant furnished the steam and everything worked very smoothly. This machinery will be used frequently for the testing of the arc lamps, there being a large number to be tested before they are ready for use.

There are now in place in the Power building the battery of six boilers which will furnish the steam for the engines. Four of these boilers are of 300 horse power and the other two are of 300 horse power each, making the combined horse power 3,000. The engine dynamo which will furnish the power for the entire grounds are not all at hand. There are now installed two Westinghouse engines, one engine supplied by the Buffalo Forge company, a 125-horse dynamo and one power dynamo of 360 horse power furnished by the General Electric company. Several other dynamo and engines will be installed in the building as soon as they arrive. These are now en route to Omaha and are expected to arrive within a few days.

Superintendent of the Bureau of Light and Power, says that the Power building will be ready for business not later than May 7. The electric wiring is about completed and little remains to be done except from installing the machinery set to arrive and placing there and incandescent lamps.

Ohio Club Completes Organization.

At noon yesterday a meeting of the Ohio club was held at the Commercial club and arrangements were perfected for having a reunion of all Ohioans and their families at the Commercial club on the night of Thursday, May 5. A musical program will be rendered and the remainder of the evening given to dancing and conversation. It is desired that every native Ohioan in the city be present and lend his influence to the building up of this club. The officers of the club are: John L. Weber, president; Dr. J. C. Denton, H. B. Howard, H. P. Kuhn, vice presidents; Frank Barrett, treasurer; W. W. Unsted, secretary.

Matter for McClure's.

August F. Jaccal, a member of the firm of S. McClure & Co. and manager of the art department of McClure's Magazine, is in the city to supervise the making of a series of pictures of the exposition for publication in the magazine. He is accompanied by W. A. White, editor of the Emporia (Kan.) Gazette, who will prepare the descriptive matter to accompany the illustrations. The article will occupy several pages of the magazine and the colorists will be engaged in the city for several days collecting materials.

South Dakota's Exhibit.

Stoughton, S. D., April 23.—(Special.)—Hens Murphy, secretary of the South Dakota board for the Transmississippi Exposition, has issued an address to the people of the state calling attention to the importance of an exhibit. He says that the fund which has been raised is contingent on all the counties taking action and that eight counties are now delinquent. He asks the people to hold meetings to agitate the question, put committees at work and give the association such guaranty as will make it safe in proceeding with the arrangements for an exhibit. He has no doubt, that the outcome will be satisfactory.

The Mye & Dillon Drug Co., corner 16th and Farnam streets, have very kindly donated the entire proceeds of the opening of their new fountain Saturday afternoon and evening, May 7, to the Visiting Nurses' association. They are to have one of the largest and most beautiful soda fountains in the United States. Further particulars of the opening will be given at a later date.

Miss Cook will be in her new studio at Browning, King & Co., second floor, after Wednesday.
